

The Master Key !

Compact, Ultra-fast, All-in-one

Fits into ...

... all types ...

... of commerce !

The **ultra-compact** size of the new **F26** cash recycler allows it **to be installed in all types of environments**. To pose or integrate **it will accompany you everywhere !**

Its **3D printing chassis with NGEN®** filament is highly resistant for **your safety** and that of your employees.

The **F26** is **shareable**. You therefore have the possibility of having **an automaton for several collection stations**.

Our Cash Recycler is **immediately compatible with all payment software** for Windows, **with no need for development thanks to CashMag CONNECT**.

A «**NON STOP**» system allows the F26 to **operate with a jammed recycler or hopper, or a completely broken down module with VCR**. Your cashings continue, you keep calm !

Simplify your daily life, gain speed

Cash management is a constant constraint. Counting, fund creation, recounting by the manager... Save time and simplify your everyday life with the F26. Everything is taken care of by the cash recycler !

For your needs not those of others

Because not all convenience stores are alike. We have designed the F26 to meet the needs of stores with a more limited cash flow. Florists, hairdressers, veterinarians, etc. the Ad'Hoc solution to your cash management !

A team available for *You*

Our teams available throughout France bring you the responsiveness you need. We offer a maintenance service available 7 days a week. Remote interventions with direct control.
